# **Ursula von der Leyen: la presidenta de la Comisión Europea que ha captado la atención de los votantes**

A medida que los 400 millones de ciudadanos de la UE se preparan para votar en las elecciones europeas de junio, una nueva encuesta muestra que es Ursula von der Leyen quien ha llamado la atención de los votantes como ningún otro jefe de la UE antes que ella.

Nuestra encuesta sugiere que una amplia mayoría de europeos hoy en día son conscientes de que ella es la presidenta de la Comisión Europea, considerada el cargo político más poderoso de la UE. Los ejecutivos de la UE anteriores han sido en gran medida desconocidos para el público. Pero casi el 75% son capaces de identificar correctamente el nombre de von der Leyen y reconocer su rostro. Cinco años atrás, su predecesor, Jean-Claude Juncker, obtuvo solo el 40% de reconocimiento.

## **La necesidad urgente de la reforma de la UE**

La integración de defensa necesita profundizarse para hacer frente a los desafíos geopolíticos que se avecinan a medida que la guerra en Ucrania y Gaza se recrudece y se enfría la relación entre China y los EE. UU. La integración fiscal y una unión de mercado más fuerte pueden ser necesarias para garantizar la sostenibilidad de la unión económica y monetaria. Las nuevas tecnologías necesitan ser aprovechadas para generar prosperidad para la próxima generación y la UE se ha comprometido a expandirse para convertirse en una unión de 30 o más estados miembros.

Sin embargo, su responsabilidad democrática sigue siendo débil. Tanto el índice de participación como el interés en las elecciones cada cinco años al Parlamento Europeo son bajos, y los resultados solo tienen una influencia limitada en la orientación política de la comisión, que forma y hace cumplir la política para la UE.

## **Una ventana de oportunidad abierta**

Se está abriendo una ventana de oportunidad a medida que von der Leyen, designada por primera vez en 2024, se postula para un segundo mandato de cinco años. Los presidentes de la Comisión son elegidos por los eurodiputados, pero primero deben ser nominados por los jefes de gobierno de la UE.

La mayor conciencia pública de las respuestas coordinadas de la UE a dos crisis principales que se han desarrollado durante el primer mandato de cinco años de von der Leyen – la pandemia de Covid-19 y la guerra de Ucrania – ha aumentado su perfil más allá de los de sus predecesores. Los líderes europeos deben aprovechar esta oportunidad.
